0	vijay yadav	1.0	1.0 out of 5 stars\nVery poor product. Note it No any Air Flow even for a new born Baby.	NaN	The media could not be loaded.\n \n\n\n1. Very poor product 2. The cooling pads coming 2. The fan speed is slow even at 3 speed even for a new born baby, no any air flow. Very small product as said in advertisement no any air breeze in real product. Not recommended to buy. Waste of time and money because as said by non returnable, you have to make many calls and uploads even for a prime customer to request for return to investigation team.
1	Abhishek Shetty	1.0	1.0 out of 5 stars\nWorst product	NaN	It's not worth buying at all as it wont coolThe surrounding even after hours. It's moving air tab doesn't work accurately simply trouble while using it. Buy something better than this...
2	Bindu Nair	1.0	1.0 out of 5 stars\nNot a quality product	NaN	I have found the cover broken after opening the packing. The material used is of low quality and the airflow is not good as one, which is being used by my friend. Not recommended
3	sushma	1.0	1.0 out of 5 stars\nNo Cooling	NaN	Please dont buy it..not worth and no use..i wasted my money on this product. We have to always keep it charging to use..as well as doesnt save the purpose of cooling too
4	Shadab m.	2.0	2.0 out of 5 stars\nNot a good product to beat the heat	NaN	â—Less fan speedâ—Small in sizeâ—good cooling
5	Pravalika	1.0	1.0 out of 5 stars\nSpeed of fan and size of product	NaN	The media could not be loaded.\n \n\n\nProduct is very small and fan rotation is very slow even in high speed mode its just rotating itself no air like a foam, i dint expect this much worse. Dont buy it such a bad product. we have to sit near maximum of 2 inches distance to get air. There is no foam no air like mentioned in the product informationHow can sell like these product, they didnt even mention the height of the product, it came my palm size only
6	Boobalan	1.0	1.0 out of 5 stars\nWorst product. No air flow felt.	NaN	Too small product to provide any reasonable air flow which is never felt even at full speed. I peeped in to see if fan was rotating. No return available too for rhe product. So, don't make a mistake to buy this item and waste your precious money. Amazon should ban such products and sellers to protect customers from being cheated like this. (0 rating not allowed. So, i had to choose 1).
7	Chandrika	5.0	5.0 out of 5 stars\nNice product	NaN	At a normal temp. It is good to save ac power bill. No noise ... Nice
8	Swapnil Chaudhari	1.0	1.0 out of 5 stars\nPathetic product	NaN	Absolute waste of money... don't buy this product. Waste of money. Water keeps leaking...air doesn't even feel like it is working....and worst part is it is non returnable
9	Raghu	1.0	1.0 out of 5 stars\nReplace or Refund my money !	NaN	Recieved Product with Broken Internal Parts So Please replace or refund my money.Product quality is very bad
