

	Name	Stars	Title	Date	Description
0	Jigyasa	5.0	5.0 out of 5 stars Go for it without any doubt	NaN	I have tested many brands for coolers but this model is the best of symphony. It starts gives chilled wind within 10 mins on cool mode. Read more
1	Padmeshwari Phadke	1.0	1.0 out of 5 stars Primitive model	NaN	With so many new models that work more efficiently and effectively, I am unhappy with my purchase. Very primitive, something you would find in the early 2000s. Read more
2	Placeholder	4.0	4.0 out of 5 stars Go for it	NaN	Superb Read more
3	Jitendra	5.0	5.0 out of 5 stars Good and affordable price.	NaN	good as shown in picture. Noise pollution is very low. plastic is little bit low in quality. Read more
4	Karthik	2.0	2.0 out of 5 stars Not honeycomb mesh	NaN	Cooler is of decent build and cooling is good and a slight noisy not much. The reason I'm giving 2 stars is its not honey comb mesh as advertised in product description, it's normal grass mesh used in old cooler which is a bit disappointing. Product title should be changed Read more
5	khurshid	3.0	3.0 out of 5 stars Could been better	NaN	The only disadvantage we r face rite nw is there is major leakage frm backside, it's not manufacturing defect but this model work in a way tht water get throw out n splatter everywhere.. it's been 2 days so the cooling is good so far.. let c Read more
6	Pydamma	5.0	5.0 out of 5 stars Super	NaN	Nice with no noise and very cool Read more
7	A N Singh	1.0	1.0 out of 5 stars Wrong information	NaN	This cooler doesn't come with Honey comb pads but wood wool pads. Read more
